Howdy all it's your friendly neighborhood Tashdango Blue. I've moved my gaming, music and movie blog to a new web address. You can find it here: <http://venturian.blogspot.com/> There's some good new material up now including a review of the new Rancid Album, Let the Dominoes Fall, more info and opinions on Bioware's The Old Republic, and a great TF2 video. Coming next week I'll be reviewing Ghostbusters: The Video Game, my Brother in Chief Arctodus will have an op-ed about the current state of Marvel and the controversial editorial decisions by EOC Joe Quesada. Stop by and check it out if you get a chance. Cheers all. Acey (aka Tashdango Blue)
