Just a quick note for those who are interested, I've got the following up for Auction: -NES Top Loader currently at \$61.00 (24-Hours Left) -40+ N64 Games (Most with NO Bids) (24-Hours Left) -20+ PS1 Games. Low starting bids. Link is at: <http://members.ebay.com/aboutme/downeasttreasures/> I know that these Games are not quite classic (but they will be someday), but figured some of you may be interested especially since most have no bids yet. Just to mention something else besides the NES Top Loader that is on topic, I will be placing 40+ SNES Games up for Auction this coming weekend, as a heads up, as well as about a dozen or so Handhelds (Old & New).
